# METZ

Lead the future

4k UHD Smart TV  
DVB-C/T2/S2  
55" / 50" / 43"

Available in 43", 50" and 55", the MUC5000 combines superlative picture quality with timeless design. A narrow frame and unobtrusive appearance mean this state-of-the-art 4K smart TV can blend perfectly into any interior landscape. Thanks to a UHD picture resolution of 3840 x 2160 pixels, even the finest details look realistic and ultra-sharp. State-of-the-art HDR technology makes the colours in your favourite series and films even more radiant and increases the dynamic range. More details become visible in both light and dark areas of the picture. The television can be controlled using the simple, intuitive user interface, which comes with a wide range of preinstalled apps (NETFLIX, Prime Video, YouTube etc.). Your most-used apps and favourite channels can be easily saved in "Favourites" to avoid tedious searching and scrolling.
