* Die Leistungsaufnahme im EIN-Zustand wurde im Öko-Modus (werkseitige Einstellung) nach IEC 62087, Edition 2 gemessen. Die Leistungsangabe auf dem Rückwandtypenschild des TV-Gerätes wurde mit den maximalen Bildhelligkeitseinstellungen ermittelt.

* The ON-mode power consumption was determined in Eco-mode (factory settings) according to IEC 62087, Edition 2. The power consumption stated upon the Identification label of the TV-set was determined with maximum settings of all parameters regarding picture brightness.
